

Over ten years ago the energy passed this way carrying beats and rhythms for the neanderthals of the night touched with traditional instruments, voices and colourful characters from every edge of the great globe.

It wandered and drifted through many earthly & cosmic places, returning eventually from the ancient future to the island origin where the answer was waiting.

{fryhide / Stil Vor Talent / Days Like Nights / Solar Distance / Soulful Techno}

A rich and varied background in electronic music creation and performance.

Thousands of sunsets and parties, millions of people.

As an Ibiza resident, and global DJ, he has passionately crafted a soundtrack for 20 years.

The musical alias of Daniel O'Sullivan. He continues to develop his unique sound.

New 'Chapters' podcast series on all major platforms including recent interviews with Uner, Eelke Kleijn & Tom Flynn.
